

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Rankin
DOCKET NO.: 16-06368.001-R-1
PARCEL NO.: 14-2-15-14-05-102-013

The parties of record before the Property Tax Appeal Board are William Rankin, the appellant; and the Madison County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Madison** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,940
IMPR.: \$150,010
TOTAL: \$184,950

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Madison County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a part two-story and part one-story dwelling of frame and brick construction with 3,475 square feet of living area. The dwelling was built in 1988 and is approximately 28 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and an attached garage with 892 square feet of building area. The property has a 43,289 square foot site and is located in Edwardsville, Edwardsville Township, Madison County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales improved with three, two-story dwellings and a one-story dwelling that range in size from 3,415 to 4,890 square feet of living area. The dwellings range in age from 14 to 28 years old. Each comparable has central air conditioning, at least one fireplace and an attached garage. The properties have sites ranging in size from 21,840 to 27,007 square feet of land area. The sales occurred from August 2014 to

April 2016 for prices ranging from \$380,000 to \$620,000 or from \$107.36 to \$133.56 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$174,880.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$184,950. The subject's assessment reflects a market value of \$555,739 or \$159.92 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Madison County of 33.28% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales improved with two, part two-story and part one-story dwellings and one part 1.5-story and part 1-story dwelling of brick exterior construction that range in size from 3,070 to 3,631 square feet of living area. The dwellings were built from 1988 to 2005. Each comparable has a basement with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 600 to 946 square feet of building area. The properties have sites ranging in size from 17,748 to 36,002 square feet of land area. The sales occurred from May 2016 to June 2016 for prices ranging from \$620,000 to \$670,000 or from \$184.52 to \$201.95 per square foot of living area, inclusive of the land. Board of review sale #1 was the same property as appellant's sale #1 although the parties reported different sizes for the home. The Property Tax Appeal Board gives more credence to the description of this property provided by the board of review because it submitted a copy of the comparable's property record card as foundation for the description.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six sales to support their respective positions with one sale being common to both parties. Less weight is to given appellant's sale #3 due to the transaction occurring in 2014, not as proximate in time to the assessment date as the remaining comparables. Less weight is given appellant's sale #4 due to its one-story design, size and age. The Board finds the best evidence of market value to be appellant's comparable sales #1 and #2 and the comparables submitted by the board of review, which includes the common sale. These comparables are relatively similar to the subject in style, size and features with the exception each of the board of review comparables has finished basement area while the subject dwelling does not. The board of review comparable sales would require downward adjustments for the finished basement area to make them more equivalent to the subject property. The best comparables sold for prices ranging from \$380,000 to \$670,000 or from \$111.27 to \$201.95 per square foot of living area, including land. The subject's assessment reflects a market value of \$555,739 or \$159.92 per square foot of living area, including land, which is within the range established by the best comparable sales in this record and well supported by the common sale submitted by the

parties that sold for a price of \$620,000 or \$201.95 per square foot of living area, including land. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
