

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pierre Abi-mansour
DOCKET NO.: 16-06388.001-R-1
PARCEL NO.: 09-01-103-018

The parties of record before the Property Tax Appeal Board are Pierre Abi-mansour, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$105,290
IMPR.: \$357,150
TOTAL: \$462,440

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of brick construction with 4,260 square feet of living area.¹ The dwelling was constructed in 1999. Features of the home include a full basement with 75% of finished area, central air conditioning, two fireplaces and a 769 square foot garage. The property has a 15,660 square foot site and is located in Hinsdale, Downers Grove Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same

The appellant's evidence did not include a diagram depicting the size of the subject and the related calculations.

neighborhood code assigned by the township assessor as the subject property. The comparables were improved with a part two-story and part one-story style frame, brick and frame and brick dwellings that ranged in size from 3,337 to 5,358 square feet of living area. The dwellings were constructed from 1983 to 1999. Each comparable has a full or partial basement with one having a finished area of 25%, central air conditioning, one or two fireplaces and a garage ranging in size from 528 to 962 square feet of building area.² The comparables had improvement assessments that ranged from \$169,880 to \$427,760 or from \$50.91 to \$81.84 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$286,996 or \$67.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$462,440. The subject property has an improvement assessment of \$357,150 or \$83.84 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables in which, two comparables are located on the same street as the subject property. The comparables were improved with part two-story, part one-story and part three-story style frame dwellings that range in size from 3,691 to 4,327 square feet of living area. The dwellings were constructed in 2004 or 2005. Each comparable has a full basement with finished area of 75%, central air conditioning, two to four fireplaces and a garage ranging in size from 460 to 692 square feet of building area. The comparables had improvement assessments that ranged from \$321,040 to \$365,030 or from \$83.71 to \$86.98 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #3 based on their smaller or larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 along with the board of review's comparables. These comparables have varying degrees of similarity in location, dwelling size, design, age and features when compared to the subject property. These comparables had improvement assessments that ranged from \$306,320 to \$365,030 or from \$81.84 to \$86.98 per square foot of living area. The subject's improvement assessment of \$357,150 or \$83.84 per square foot of living area falls within the range established by the best

comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
