

**AMENDED
FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ford Trust
DOCKET NO.: 16-06493.001-R-1
PARCEL NO.: 17-28-478-003

The parties of record before the Property Tax Appeal Board are Ford Trust, the appellant, by attorney James G. Militello III, of Prime Law Group, LLC in Woodstock; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,297
IMPR.: \$89,084
TOTAL: \$104,381

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story ranch dwelling of brick and frame construction with 2,508 square feet of living area. The dwelling was constructed in 2000. Features of the home include a full basement, central air conditioning, a fireplace and a 3-car garage. The property has a 1.05-acre site and is located in Marengo, Coral Township, McHenry County.

The appellant appeared before the Property Tax Appeal Board through counsel contending assessment inequity regarding the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located within the subject's subdivision. The comparables had varying degrees of similarity to the subject. The comparables had improvement assessments ranging from \$75,745 to \$100,295 or from \$30.83 to \$36.73 per square foot of living area. Appellant's counsel agreed he did not personally inspect

the comparable properties. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$104,381. The subject property has an improvement assessment of \$89,084 or \$35.52 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, two of which were also utilized by the appellant. The comparables had varying degrees of similarity to the subject and had improvement assessments ranging from \$85,944 to \$99,579 or from \$34.21 to \$40.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #5 and #6 and the board of review comparables #1, #3 and #4, which includes a common comparable of both parties. These most similar comparables had improvement assessments that ranged from \$79,666 to \$99,579 or from \$35.75 to \$40.42 per square foot of living area. The subject's improvement assessment of \$89,084 or \$35.52 per square foot of living area falls within the range established by the best comparables in this record.

Less weight was given appellant's comparables #1 through #4 and board of review comparable #2, which was also used by the appellant, based on their dissimilar basement, size and/or garage area when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
