

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald & Lori Wetzel
DOCKET NO.: 16-06819.001-R-1
PARCEL NO.: 18-13-36-378-014

The parties of record before the Property Tax Appeal Board are Donald & Lori Wetzel, the appellants; and the Stephenson County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Stephenson** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,380
IMPR.: \$17,775
TOTAL: \$20,155

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Stephenson County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,554 square feet of living area. The dwelling was constructed in 1917 and features an unfinished basement and a 2-car garage. The property has a 6,000 square foot site and is located in Freeport, Freeport Township, Stephenson County.

The appellants contend overvaluation as the basis of the appeal. The appellants submitted information on three comparable properties that sold from January 2015 through March 2017 for either \$15,000 or \$18,000 or from \$8.09 to \$13.89 per square foot of living area. They are located from 0.8 to 1.0 mile from the subject. The comparables are described as two-story frame dwellings, built in 1870 or 1892, that range in size from 1,296 to 1,853 square feet of living area. They feature unfinished basements, central air conditioning and garages. Based on this evidence, the appellants requested the subject's total 2016 assessment be reduced to \$13,323.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,155. The subject's assessment reflects a market value of \$60,671 or \$39.04 per square foot of living area, including land, when using the 2016 three-year average median level of assessment for Stephenson County of 33.22% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on nine sales comparables. The comparables are described as 1, 1½ or 2-story brick, frame or stucco dwellings built between 1892 and 1938 and ranging in size from 1,344 to 1,610 square feet of living area. The comparables features have varying degrees of similarity to the subject. The comparables sold from September 2013 through May 2016 for prices ranging from \$59,500 to \$71,500 or from \$39.13 to \$50.82 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment based on overvaluation is not warranted.

The Board gives less weight to the appellants' comparables #2 and #3 based on dissimilar age as compared to the subject and/or sale date not proximate in time to the subject's assessment date of January 1, 2016. The Board also gives less weight to board of review comparables #1 through #5 and comparable #8 based on their dissimilar style and/or sale dates not as proximate in time to the subject's assessment date of January 1, 2016 as other sales in the record. The Board finds appellants' comparable #1 and board of review comparables #6, #7 and #9 most similar to the subject in location, age, style, dwelling size and most features. They sold proximate in time to the subject's assessment date for prices ranging from \$18,000 to \$66,000 or from \$13.89 to \$45.55 per square foot of living area including land. The subject's assessment reflects a market value of \$60,671 or \$39.04 per square foot of living area, including land, which is within the range established by the best comparables in the record. After considering adjustments to these comparables for differences to the subject, the Board finds the subject's assessment is supported. Based on this market value evidence, the Board finds the appellants did not prove by a preponderance of the evidence that the subject is overvalued and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
