

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Springer  
DOCKET NO.: 16-20046.001-R-1  
PARCEL NO.: 05-33-308-010-0000

The parties of record before the Property Tax Appeal Board are Robert Springer, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,550  
**IMPR.:** \$43,933  
**TOTAL:** \$52,483

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a multi-level masonry dwelling containing 1,742 square feet of living area. The dwelling is 61 years old and features a fireplace and a two-car garage. The subject is situated on a 6,840 square foot site located in Evanston, Evanston Township, Cook County. It is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five multi-level class 2-34 comparables, three of which have the same neighborhood code as the subject. They range in size from 1,432 to 1,893 square feet of living area and range in age from 51 to 66 years old. They have varying degrees of similarity to the subject. The comparables have improvement assessments ranging

from \$32,808 to \$44,048 or from \$22.01 to \$23.31 per square foot of living area. Based on this evidence, the appellant requested the subject's 2016 total assessment be reduced to \$49,082.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,483. The subject property has an improvement assessment of \$43,933 or \$25.22 per square foot of living area.

In support of the subject's assessment the board of review submitted information on three comparables having the same neighborhood code as the subject. They are multi-level class 2-34 dwellings that range in size from 902 to 1,593 square feet of living area and range in age from 55 to 64 years old. They have varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$25,053 to \$44,871 or from \$27.77 to \$28.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives less weight to the appellant's comparables #1 and #2 based on different neighborhood codes than the subject. The Board also gave less weight to board of review comparables #2 and #3 based on their smaller dwelling sizes as compared to the subject. The Board gave more weight to the appellant's comparables #3, #4 and #5 and board of review comparable #1 which are similar to the subject in location, style, dwelling size, age and most features. These four comparables have improvement assessments ranging from \$36,694 to \$44,871 or from \$23.27 to \$28.17 per square foot of living area. The subject property has an improvement assessment of \$43,933 or \$25.22 per square foot of living area which is within the range established by the most similar comparables in the record. Based on this evidence the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
