

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Becker
DOCKET NO.: 16-20083.001-R-1
PARCEL NO.: 01-12-406-016-0000

The parties of record before the Property Tax Appeal Board are Mark Becker, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,979
IMPR.: \$81,179
TOTAL: \$93,158

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,878 square feet of living area. The dwelling is 21 years old. Features of the home include a partial basement with finished area, central air conditioning, two fireplaces, and a three-car attached garage. The property has a 43,560 square foot site and is located in Inverness, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables which have the same neighborhood code as the subject property. The comparables were improved with dwellings of frame, masonry, or frame and masonry exterior construction that range in size from 4,386 to 4,648 square feet of living area. The

dwelling range in age from 22 to 32 years old and have full basements, two of which have finished areas. The comparables have improvement assessments that range from \$38,022 to \$60,526 or \$8.67 to \$13.72 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$53,560 or \$10.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,158. The subject property has an improvement assessment of \$81,179 or \$16.64 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which have the same neighborhood code and are located within .25 miles of the subject property. The comparables were improved with two-story dwellings of masonry exterior construction that range in size from 4,672 to 4,965 square feet of living area. The dwellings are 13 or 22 years old and have full basements, two of which have finished areas. The comparables have improvement assessments that range from \$78,302 to \$86,357 or \$16.66 to \$18.43 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave less weight to the appellant's comparables #1 and #3 due to their smaller dwelling sizes when compared to the subject's dwelling size. The Board finds the best evidence of assessment equity to be the appellant's comparable #2 as well as the board of review comparables. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, and most features. These comparables have improvement assessments that range from \$49,068 to \$86,357 or from \$10.56 to \$18.43 per square foot of living area. The subject's improvement assessment of \$81,179 or \$16.64 per square foot of living area falls within the range of the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
