

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leonard Krygl
DOCKET NO.: 16-20142.001-R-1
PARCEL NO.: 01-19-103-005-0000

The parties of record before the Property Tax Appeal Board are Leonard Krygl, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,308
IMPR.: \$55,570
TOTAL: \$74,878

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story frame dwelling containing 2,861 square feet of living area. The dwelling is 28 years old and features a full unfinished basement, a fireplace and a 3-car garage. The subject is located in Barrington Hills, Barrington Township, Cook County. The subject property is classified as a Class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of the inequity argument the appellant submitted information on five assessment comparables. They consist of 1 or 1.5-story, Class 2-04 dwellings, three of which have the same neighborhood code as the subject. They range in size from 2,611 to 3,036 square feet of living area and range in age from 23 to 56 years old. The comparables each have basements, one with finished area, and 1 or 2 fireplaces. Three comparables feature central air conditioning and four

have 2 or 3-car garages. The comparables have improvement assessments ranging from \$40,806 to \$48,876 or from \$14.79 to \$16.10 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$15.35 per square foot (median of the comparables cited) which indicates a revised assessment of \$63,224." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$43,916 or \$15.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,878. The subject property has an improvement assessment of \$55,570 or \$19.42 per square foot of living area.

In support of the subject's assessment, the board of review submitted information on four 1 or 1.5-story Class 2-04 comparables having the same neighborhood code as the subject. The dwellings range in size from 2,466 to 3,421 square feet of living area and range in age from 28 to 36 years old. Three comparables have basements, two with finished area, and one is on a crawl-space foundation. The comparables feature central air conditioning, 1 or 2 fireplaces and 2, 3 or 3.5-car garages. The comparables have improvement assessments ranging from \$56,828 to \$72,904 or from \$19.63 to \$23.37 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine assessment comparables for the Board's consideration. The Board gave less weight to the board of review comparables #1, #2 and #4 due to their superior finished basements, inferior crawl-space foundation, and/or dissimilar 1.5-story design when compared to the subject. In addition, the Board gave less weight to appellant's comparables #1, #2, #4 and #5 due to their location, dissimilar 1.5-story design, larger dwelling size and/or superior finished basement when compared to the subject. The Board finds appellant's comparable #3 and board of review comparable #3 are most similar to the subject in location, age, style, dwelling size and most features. These comparables have improvement assessments of \$40,806 and \$57,621 or \$15.35 and \$23.37 per square foot of living area, respectively. The subject property has an improvement assessment of \$55,570 or \$19.42 per square foot of living area which is between the most similar comparables on an overall basis as well as a per square foot basis. The Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
