

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Harris  
DOCKET NO.: 16-20153.001-R-1  
PARCEL NO.: 11-18-319-021-0000

The parties of record before the Property Tax Appeal Board are Jeff Harris, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,469  
**IMPR.:** \$54,975  
**TOTAL:** \$66,444

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 1.5-story frame and masonry dwelling containing 3,192 square feet of living area. The dwelling is 54 years old and features a partial basement with finished area, central air conditioning, a fireplace and a 2-car garage. The subject is located in Evanston, Evanston Township, Cook County. The subject property is classified as a Class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of the inequity argument the appellant submitted information on five assessment comparables. They consist of 1.5-story Class 2-04 dwellings having different neighborhood codes than the subject. They range in size from 3,137 to 3,362 square feet of living area and range in age from 64 to 96 years old. The comparables each have basements, two with finished area, and 2 or 2½-car garages. Three comparables have fireplaces and one features central air

conditioning. The comparables have improvement assessments ranging from \$48,634 to \$50,954 or from \$14.81 to \$16.13 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$15.16 per square foot (median of the comparables cited) which indicates a revised assessment of \$59,859." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$48,390 or \$15.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,444. The subject property has an improvement assessment of \$54,975 or \$17.22 per square foot of living area.

In support of the subject's assessment, the board of review submitted information on four 1-story Class 2-04 comparables having the same neighborhood code as the subject and located on the same block as the subject. The dwellings range in size from 2,147 to 2,363 square feet of living area and range in age from 53 to 58 years old. The comparables have basements, one with finished area, central air conditioning, fireplaces and 1 or 2-car garages. The comparables have improvement assessments ranging from \$47,406 to \$51,011 or from \$21.59 to \$23.08 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine assessment comparables for the Board's consideration. The appellant's comparables are similar to the subject in design, dwelling size and some features but are dissimilar to the subject in location and age. The board of review comparables are similar to the subject in location, age and some features but dissimilar to the subject in dwelling size, design and other features.

The Board finds neither party submitted comparables that were particularly similar to the subject. The Board shall make a determination of the subject's correct assessment, regardless of the quality of the evidence. The Board finds both parties submitted comparables with improvement assessments ranging from \$47,406 to \$51,011 or from \$14.81 to \$23.08 per square foot of living area. The subject property has an improvement assessment of \$54,975 or \$17.22 per square foot of living area which is within the range established by the comparables on a per square foot basis. After considering adjustments to these comparables for differences to the subject, the Board finds the subject's assessment is supported. Thus, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
