

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lilia Garavaglia
DOCKET NO.: 16-20234.001-R-1
PARCEL NO.: 05-06-403-012-0000

The parties of record before the Property Tax Appeal Board are Lilia Garavaglia, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,152
IMPR.: \$142,993
TOTAL: \$180,145

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story masonry dwelling containing 4,776 square feet of living area. The dwelling is 7 years old and features a full basement with finished area¹, central air conditioning, 2 fireplaces and a 3-car garage. The subject is located in Glencoe, New Trier Township, Cook County. The subject property is classified as a Class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and a contention of law as the bases of the appeal. In support of the inequity argument the appellant submitted information on five assessment comparables. They consist of 2-story, Class 2-08 dwellings having the same neighborhood code as the subject. They range in size from 4,757 to 4,809 square feet of living area and range in age from 7 to 60 years old. The comparables have basements, three with finished area, central air

conditioning, 1-3 fireplaces and 2, 2½ or 3-car garages. The comparables have improvement assessments ranging from \$109,984 to \$139,672 or from \$23.09 to \$29.04 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$28.30 per square foot (median of the comparables cited) which indicates a revised assessment of \$172,312." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$135,160 or \$28.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,145. The subject property has an improvement assessment of \$142,993 or \$29.94 per square foot of living area.

In support of the subject's assessment, the board of review submitted information on four 2-story Class 2-08 comparables having the same neighborhood code as the subject. The dwellings range in size from 4,065 to 4,733 square feet of living area and range in age from 7 to 16 years old. The comparables have basements, two with finished areas, central air conditioning, and 2 or 3-car garages. Three comparables feature 1-3 fireplaces. The comparables have improvement assessments ranging from \$141,687 to \$144,456 or from \$29.94 to \$35.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine assessment comparables for the Board's consideration. The Board gave less weight to board of review comparables #1 and #4 and appellant's comparables #1, #2 and #3 due to their ages and/or dissimilar unfinished basements as compared to the subject's finished basement. The Board finds board of review comparables #2 and #3 and appellant's comparables #4 and #5 are most similar to the subject in location, style, dwelling size and most features. These comparables have improvement assessments ranging from \$136,374 to \$144,062 or from \$28.67 to \$35.00 per square foot of living area. The subject property has an improvement assessment of \$142,993 or \$29.94 per square foot of living area which is within the range established by the most similar comparables on an overall basis as well as a per square foot basis. After considering adjustments to these comparables for differences to the subject, the Board finds the subject's assessment is supported. Thus, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
