

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Pascale
DOCKET NO.: 16-20328.001-R-1
PARCEL NO.: 16-17-125-022-0000

The parties of record before the Property Tax Appeal Board are Thomas Pascale, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,543
IMPR.: \$23,307
TOTAL: \$26,850

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction. The dwelling is 106 years old and has 1,371 square feet of living area. Features of the home include a full unfinished basement and a two-car garage. The property has a 4,725 square-foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment is not being contested in this appeal. In support of the inequity argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame or stucco construction. The dwellings are from 99 to 105 years old and contain from 1,120 to 1,624 square feet of living area. Each comparable has a basement. Information

regarding garages was not provided on the appellant's grid analysis, and the appellant's photographic evidence did not show any garages present. The comparables have improvement assessments ranging from \$11,434 to \$21,815 or from \$10.21 to \$14.79 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$16,205 or \$11.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$26,850 was disclosed. The subject property has an improvement assessment of \$23,307 or \$17.00 per square foot of living area. The board of review presented descriptions and assessment information on three comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located on the same block as the subject property. The comparables are improved with two-story dwellings of frame construction. The dwellings are 98 or 111 years old and contain from 1,470 to 1,694 square feet of living area. The comparables have unfinished basements, either full or partial. One comparable has central air conditioning, and another comparable has a fireplace. Two comparables have garages. The board of review's comparable properties have improvement assessments ranging from \$27,144 to \$36,341 or from \$17.06 to \$21.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of seven suggested comparables. The Board finds board of review comparable #1 differed from the subject in having more living area and central air conditioning. As a result, this comparable received reduced weight in the Board's analysis. The Board finds the appellant's comparables #1 through #4 and board of review comparables #2 and #3 were all located in the same neighborhood and were generally similar to the subject in age and living area. In addition, none of these comparables had central air conditioning. These six comparables had improvement assessments that ranged from \$11,434 to \$29,086 or from \$10.21 to \$19.79 per square foot of living area. The subject's improvement assessment of \$23,307 or \$17.00 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
