

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Soma Sarangmath  
DOCKET NO.: 16-20364.001-R-1  
PARCEL NO.: 01-28-415-002-0000

The parties of record before the Property Tax Appeal Board are Soma Sarangmath, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>LAND:</b>	\$5,002
<b>IMPR.:</b>	\$65,253
<b>TOTAL:</b>	\$70,255

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of stucco construction with 3,348 square feet of living area. The dwelling is approximately nine years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a three-car garage. The property has an 18,192 square-foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assigned neighborhood and classification codes as the subject. The appellant did not provide information regarding the comparables' proximity to the subject. The comparables are improved with two-story dwellings of stucco, frame, masonry or frame and masonry construction. The

dwellings are from 18 to 37 years old. The appellant's grid analysis indicates the comparables have features that are similar to the subject in varying degrees. The comparable dwellings range in size from 3,018 to 3,557 square feet of living area, and their improvement assessments range from \$48,762 to \$59,295 or from \$15.84 to \$17.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$54,103 or \$16.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$70,255 was disclosed. The subject property has an improvement assessment of \$65,253 or \$19.49 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties with the same assigned neighborhood and classification codes as the subject. Two of the comparables were described as being located one-quarter mile from the subject property. The comparables are improved with two-story dwellings of frame and masonry construction. The dwellings are either four or seven years old. The appellant's grid analysis indicates the comparables have features that are similar to the subject in varying degrees. The comparable dwellings range in size from 3,133 to 3,504 square feet of living area and their improvement assessments range from \$63,945 to \$76,703 or from \$20.41 to \$22.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of nine suggested comparables. The Board finds the appellant's comparables #1 through #4 were significantly older than the subject and the appellant's comparables #1 and #3 through #5 had parcel index numbers that indicated they were not located near the subject property. Due to differences in age and location, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were more similar to the subject in age and comparables #1 and #4 were described as being located one-quarter mile from the subject. The board of review comparables had improvement assessments that ranged from \$20.41 to \$22.19 per square foot of living area. The subject's improvement assessment of \$19.49 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
