

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Ray
DOCKET NO.: 16-20390.001-R-1
PARCEL NO.: 05-34-307-011-0000

The parties of record before the Property Tax Appeal Board are Daniel Ray, the appellant, by attorney Timothy E. Moran, of Schmidt, Salzman & Moran, Ltd., in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,875
IMPR.: \$78,303
TOTAL: \$93,178

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,084 square feet of living area. The dwelling is approximately 90 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace, and a two-car garage. The property has an 8,750 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same classification and neighborhood assessment codes as the subject. The comparables are improved with two-story dwellings of stucco, masonry, or frame exterior construction ranging in size from 2,901 to 3,180 square feet of living area. The dwellings range in age from 94 to 128

years old. Four comparables have full basements, two of which have finished areas, three comparables have central air conditioning, four comparables have a fireplace, and each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$67,941 to \$74,158 or from \$22.13 to \$23.54 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$72,227 or \$23.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,178. The subject property has an improvement assessment of \$78,303 or \$25.39 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same classification and neighborhood assessment codes as the subject. The comparables are improved with two-story dwellings of stucco or masonry exterior construction ranging in size from 2,458 to 3,278 square feet of living area. The dwellings range in age from 88 to 100 years old. The comparables have partial finished or full unfinished basements. Three comparables have central air conditioning, and each comparable has one or two fireplaces and either a 1.5-car, a 2-car, or a 3-car garage. The comparables have improvement assessments ranging from \$67,546 to \$85,706 or from \$26.15 to \$28.97 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, #4 and #5 due to their considerably older ages and/or lack of a basement when compared to the subject. The Board also gives less weight to the board of review comparables #2 and #4 due to their considerably smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 along with the board of review comparables #1 and #3. These comparables are most similar to the subject in location, design, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$71,064 to \$85,706 or from \$23.22 to \$28.97 per square foot of living area. The subject's improvement assessment of \$78,303 or \$25.39 per square foot of living area falls within the range of the most similar comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
