

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Smith
DOCKET NO.: 16-20409.001-R-1
PARCEL NO.: 05-28-201-007-0000

The parties of record before the Property Tax Appeal Board are Charles Smith, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,089
IMPR.: \$91,300
TOTAL: \$112,389

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,652 square feet of living area. The dwelling is approximately 50 years old. Features of the home include a partial finished basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 10,815 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story dwellings of frame or frame and masonry exterior construction that range in age from 1 to 54 years old. The comparables have partial or full basements, three of which

have finished areas, central air conditioning and 2-car or 2.5-car garages. Four of the comparables have one to three fireplaces. The dwellings range in size from 3,382 to 3,761 square feet of living area and have improvement assessments ranging from \$65,375 to \$86,330 or from \$17.45 to \$23.88 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$22.09 per square foot (median of the comparables cited) which indicates a revised assessment of \$101,761." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$80,672 or \$22.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$123,191. The subject property has an improvement assessment of \$102,102 or \$27.96 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same neighborhood and classification codes as the subject property. The homes were described as being located .25 of a mile from the subject property. The comparables are improved with 2-story dwellings of stucco or masonry exterior construction that range in age from 13 to 58 years old. The comparables have full basements, one of which has finished area, one to three fireplaces and 2-car or 3-car garages. Two of the comparables have central air conditioning. The dwellings range in size from 2,912 to 3,631 square feet of living area and have improvement assessments ranging from \$89,144 to \$126,232 or from \$27.08 to \$34.77 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #3 through #5 and the board of review comparables #1 and #3 due to their dissimilar ages when compared to the subject property. The Board finds the appellant's comparables #1 and #2 and the board of review comparable #2 are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables have improvement assessments ranging from \$65,375 to \$89,144 or from \$17.45 to \$27.08 per square foot of living area. The subject's improvement assessment of \$102,102 or \$27.96 per square foot of living area falls above the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
