

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hany Hassen
DOCKET NO.: 16-20425.001-R-1
PARCEL NO.: 01-13-205-011-0000

The parties of record before the Property Tax Appeal Board are Hany Hassen, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,140
IMPR.: \$73,590
TOTAL: \$86,730

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,296 square feet of living area. The dwelling is approximately 27 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces and a 3-car garage. The property has a 47,785 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story dwellings of masonry or frame and masonry exterior construction that range in age from 17 to 33 years old. The comparables have full basements, one of which has

finished area, central air conditioning, one to three fireplaces and 2-car to 3.5-car garages. The dwellings range in size from 4,282 to 4,964 square feet of living area and have improvement assessments ranging from \$63,888 to \$73,326 or from \$14.55 to \$14.92 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building unit value of \$14.77 per square foot (median of the comparables cited), at the Illinois Department of Revenue's 2014 sales-ratio study median level of assessment of 9.4%, indicates a revised assessment of \$71,996." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$59,644 or \$13.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,730. The subject property has an improvement assessment of \$73,590 or \$17.13 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same neighborhood and classification codes as the subject property. The homes were described as being located .25 of a mile from the subject property. The comparables are improved with 2-story dwellings of masonry exterior construction that range in age from 21 to 26 years old. The comparables have full basements, one of which has finished area, central air conditioning, one fireplace and 3-car garages. The dwellings range in size from 4,200 to 4,836 square feet of living area and have improvement assessments ranging from \$80,963 to \$92,396 or from \$18.80 to \$19.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 due to their newer age or larger dwelling size when compared to the subject property. Less weight was also given to board of review comparable #1 due to its larger dwelling size when compared to the subject property. The Board finds the three remaining appellant's comparables and the board of review comparables #2 and #3 are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables have improvement assessments ranging from \$63,888 to \$84,076 or from \$14.55 to \$19.28 per square foot of living area. The subject's improvement assessment of \$73,590 or \$17.13 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that

the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
