

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ken Lerner
DOCKET NO.: 16-20462.001-R-1
PARCEL NO.: 05-33-107-063-0000

The parties of record before the Property Tax Appeal Board are Ken Lerner, the appellant, by attorney Spiro Zarkos, of Verros Berkshire in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,816
IMPR.: \$86,810
TOTAL: \$103,626

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story¹ dwelling of frame exterior construction with 3,500 square feet of living area. The dwelling is 7 years old. Features of the home include a full finished basement, central air conditioning, a fireplace, and a two-car garage. The property has a 9,892 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject

¹ Both parties' grid analyses differ as to the subject's story height. The subject appears to be a 1.5-story dwelling as shown in the photographs submitted by both parties. The Board finds this discrepancy will not prevent the Board from determining the correct assessment of the subject property based on the evidence in this record.

property. The comparables are improved with class 2-04 dwellings of frame exterior construction ranging in size from 1,898 to 2,268 square feet of living area. The dwellings range in age from 116 to 136 years old and have partial or full basements, one of which has finished area. Three comparables have central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$29,351 to \$33,979 or from \$14.78 to \$17.64 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$56,780 or \$16.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,626. The subject property has an improvement assessment of \$86,810 or \$24.80 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on two equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,014 to 2,211 square feet of living area. The dwellings are 37 or 48 years old. One comparable has a full unfinished basement. One comparables has a crawl space foundation, central air conditioning, and a fireplace. Both comparables have a two-car garage. The comparables have improvement assessments of \$57,636 and \$57,643 or \$28.62 and \$26.07 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board finds neither party submitted comparables that are particularly similar to the subject. Both parties' comparables differ from the subject with their different designs, considerably older ages, significantly smaller dwelling sizes, dissimilar foundations, and/or features. The comparables have improvement assessments ranging from \$14.78 to \$28.62 per square foot of living area. The subject's improvement assessment of \$24.80 per square foot of living area is within the range established by the comparables contained in this record. After considering adjustments to both parties' comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels,

all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
