

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mead Montgomery
DOCKET NO.: 16-20544.001-R-1
PARCEL NO.: 05-17-200-072-0000

The parties of record before the Property Tax Appeal Board are Mead Montgomery, the appellant, by attorney Spiro Zarkos, of Verros Berkshire in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,168
IMPR.: \$98,980
TOTAL: \$150,148

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story masonry dwelling containing 4,949 square feet of living area. The dwelling is 49 years old and features a partial basement with finished area, central air conditioning, 3 fireplaces and a 2-car garage. The subject is located in Winnetka, New Trier Township, Cook County. It is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four 1-story, class 2-04 comparables having the same neighborhood code as the subject. The comparables are located a distance of 0.4 of a mile to 2.5 miles from the subject, three of which are located in different cities than the subject. The comparables range in size from 2,005 to 2,455 square feet of living area and range in age from 62 to 106 years old. They feature basements, three with finished area, central air conditioning

and 1 or 2 fireplaces each. Three comparables have 1 or 2-car garages. The comparables have improvement assessments ranging from \$20,358 to \$37,742 or from \$10.15 to \$17.30 per square foot of living area. The appellant requested the subject's 2016 improvement assessment be reduced to \$69,990 or \$14.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,148. The subject property has an improvement assessment of \$98,980 or \$20.00 per square foot of living area.

In support of the assessment the board of review submitted information on four 1 or 1½-story, class 2-04 comparables having the same neighborhood code as the subject but located in different cities than the subject. The comparables range in size from 3,373 to 4,991 square feet of living area and range in age from 13 to 104 years old. All have basements, two with finished area, central air conditioning, 2 or 3 fireplaces each and 2 or 3-car garages. The comparables have improvement assessments ranging from \$73,980 to \$142,034 or from \$21.93 to \$28.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board finds neither party submitted comparables that were particularly similar to the subject. The appellant's comparables are similar to the subject in style but the dwellings are much smaller than the subject. The board of review comparables are more similar to the subject in dwelling size but three are 1½-story dwellings as compared to the subject's 1-story style. Both parties submitted comparables that differ significantly from the subject in age and/or features and seven of the eight comparables are located in a different city than the subject although they are in the same neighborhood code as the subject. However, the Board shall make a determination of the subject's correct assessment, regardless of the quality of the evidence. The Board finds both parties submitted comparables that have improvement assessments ranging from \$20,358 to \$142,034 or from \$10.15 to \$28.46 per square foot of living area. The subject's improvement assessment of \$98,980 or \$20.00 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to these comparables for differences to the subject, the Board finds the subject's assessment is supported. Thus, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
