

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Marinacci
DOCKET NO.: 16-20546.001-R-1
PARCEL NO.: 11-19-202-032-0000

The parties of record before the Property Tax Appeal Board are Mark Marinacci, the appellant, by attorney Spiro Zarkos, of Verros Berkshire in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,500
IMPR.: \$56,904
TOTAL: \$67,404

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story frame dwelling containing 2,757 square feet of living area. The dwelling is 118 years old and features a full unfinished basement, 3 fireplaces and a 2-car garage. The subject is located in Evanston, Evanston Township, Cook County. It is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four 2-story, class 2-06 comparables having the same neighborhood code as the subject. They are located from 0.2 to 0.5 of a mile from the subject. They range in size from 2,362 to 5,214 square feet of living area and range in age from 113 to 138 years old. The comparables feature unfinished basements. Three comparables have central air conditioning, two have 1 fireplace each and two have 1-car garages. The comparables

have improvement assessments ranging from \$38,784 to \$49,444 or from \$14.67 to \$17.37 per square foot of living area. Based on this evidence the appellant requested the subject's 2016 improvement assessment be reduced to \$45,328 or \$16.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,404. The subject property has an improvement assessment of \$56,904 or \$20.64 per square foot of living area.

In support of the assessment the board of review submitted information on four 2-story, class 2-06 comparables having the same neighborhood code as the subject. Two comparables are located within .25 of a mile from the subject and two are on the same block as the subject. The comparables range in size from 2,400 to 3,215 square feet of living area and range in age from 118 to 138 years old. They feature unfinished basements. One comparable has central air conditioning, three have 1 fireplace each and three have 1 or 2-car garages. The comparables have improvement assessments ranging from \$49,920 to \$63,331 or from \$19.70 to \$23.92 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to appellant's comparable #4 due to its significantly larger dwelling size. The Board finds appellant's comparables #1 through #3 and board of review comparables #1 through #4 are most similar to the subject in location, age, style, dwelling size and most features. The comparables have improvement assessments ranging from \$38,784 to \$63,331 or from \$14.67 to \$23.92 per square foot of living area. The subject property has an improvement assessment of \$56,904 or \$20.64 per square foot of living area which is within the range established by the most similar comparables in the record. Based on this evidence the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
