

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stanley Magnuszewski  
DOCKET NO.: 16-20554.001-R-1  
PARCEL NO.: 01-24-300-036-0000

The parties of record before the Property Tax Appeal Board are Stanley Magnuszewski, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,583  
**IMPR.:** \$56,672  
**TOTAL:** \$65,255

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story masonry dwelling containing 3,520 square feet of living area. The dwelling is 25 years old and features a full unfinished basement, central air conditioning, a fireplace and a 3-car garage. The subject is located in South Barrington, Barrington Township, Cook County. It is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four two-story, class 2-78 comparables having the same neighborhood code as the subject. The comparables are located a distance of 1.8 to 3.3 miles from the subject. The comparables range in size from 3,242 to 3,774 square feet of living area and range in age from 30 to 45 years old. They feature basements, one with finished area, one fireplace each and 2, 3 or 3½-car garages. Three comparables have central air conditioning.

The comparables have improvement assessments ranging from \$45,388 to \$52,788 or from \$13.27 to \$14.31 per square foot of living area. The appellant requested the subject's 2016 improvement assessment be reduced to \$48,904 or \$13.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,255. The subject property has an improvement assessment of \$56,672 or \$16.10 per square foot of living area.

In support of the assessment the board of review submitted information on four two-story, class 2-78 comparables having the same neighborhood code as the subject. Two comparables are located on the same block as the subject. The comparables range in size from 3,388 to 3,771 square feet of living area and range in age from 22 to 27 years old. All have basements, one with finished area, central air conditioning, 1 or 2 fireplaces each and 3 or 4-car garages. The comparables have improvement assessments ranging from \$66,690 to \$71,623 or from \$17.68 to \$19.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4 and to board of review comparable #1 due to their dissimilar finished basements as compared to the subject's unfinished basement and/or their location. The Board finds board of review comparables #2 and #3 are most similar to the subject in location, age, dwelling size, style and features. These comparables have improvement assessments of \$71,623 and \$67,457 or \$19.36 and \$19.91 per square foot of living area, respectively. The subject property has an improvement assessment of \$56,672 or \$16.10 per square foot of living area which is less than the most similar comparables in the record. After considering adjustments to these comparables for differences to the subject, the Board finds the subject's assessment is supported. Thus, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
