

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Henry Trevor  
DOCKET NO.: 16-20572.001-R-1  
PARCEL NO.: 05-34-301-012-0000

The parties of record before the Property Tax Appeal Board are Henry Trevor, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,184  
**IMPR.:** \$50,875  
**TOTAL:** \$62,059

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 1,962 square feet of living area. The dwelling is 90 years old. Features of the home include a full unfinished basement, a fireplace and a one-car detached garage. The property has a 6,579 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar dwellings of frame exterior construction containing from 1,949 to 2,121 square feet of living area. The dwellings are 100 or 103 years

old. Two comparables have full unfinished basements, and one comparable has a partial basement that is finished. The comparables have improvement assessments ranging from \$15.75 to \$19.70 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$35,885 or \$18.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,059. The subject property has an improvement assessment of \$25.93 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar dwellings of frame, masonry, or frame and masonry exterior construction containing from 1,232 to 1,700 square feet of living area. The dwellings range in age from 70 to 108 years old and have full unfinished basements. The comparables have improvement assessments ranging from \$27.17 to \$32.16 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as the board of review comparable #1. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and some features. These comparables have improvement assessments ranging from \$15.75 to \$29.41 per square foot of living area. The subject's improvement assessment of \$25.93 per square foot of living area falls within the range established by the best comparables contained in this record. The Board gave less weight to the board of review's remaining comparables due to their considerably smaller dwelling sizes when compared to the subject's dwelling size. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
