

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Robertson  
DOCKET NO.: 16-20578.001-R-1  
PARCEL NO.: 05-33-215-001-0000

The parties of record before the Property Tax Appeal Board are John Robertson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,260  
**IMPR.:** \$78,096  
**TOTAL:** \$91,356

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,976 square feet of living area. The dwelling is 94 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a two-car detached garage. The property has a 7,800 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar style dwellings of frame or masonry exterior construction that range in size from 3,061 to 3,332 square feet of living area. The

dwellings range in age from 94 to 103 years old and have full basements, one of which has finished area. Two comparables have central air conditioning. Each comparable has a fireplace and a two-car garage. The comparables have improvement assessments that range from \$71,064 to \$78,961 or from \$23.19 to \$23.70 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$69,549 or \$23.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,356. The subject property has an improvement assessment of \$78,096 or \$26.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar two-story dwellings of frame or stucco exterior construction that range in size from 2,276 to 2,976 square feet of living area. The dwellings range in age from 67 to 118 years old and have partial or full basements, one of which has finished area. Three comparables have central air conditioning and one or two fireplaces. Each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$62,305 to \$81,840 or from \$27.37 to \$27.79 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review comparable #3. The Board gave greater weight to these two comparables because they are located in the subject's same neighborhood code and are identical to the subject in design, age, foundation, and most features. In addition, these two comparables are identical and/or closer in dwelling size to the subject property than both parties' remaining comparables. These comparables have improvement assessments of \$71,064 and \$81,840 or \$23.22 and \$27.50 per square foot of living area. The subject's improvement assessment of \$78,096 or \$26.24 per square foot of living area is within the range established by the two best comparables contained in this record. The Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
