

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Wylie
DOCKET NO.: 16-20585.001-R-1
PARCEL NO.: 05-17-103-007-0000

The parties of record before the Property Tax Appeal Board are Stephen Wylie, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,224
IMPR.: \$55,120
TOTAL: \$79,344

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 2,756 square feet of living area. The dwelling is 89 years old. Features of the home include a full unfinished basement and a two-car detached garage. The property has a 13,458 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar style dwellings of masonry, stucco or frame and masonry exterior construction that range in size from 3,866 to 4,767 square feet of living area. The dwellings range in age from 68 to 137 years old and have partial or full

basements, one of which has finished area. Two comparables have central air conditioning. Each comparable has one or three fireplaces and two-car or 3.5-car garages. The comparables have improvement assessments that range from \$57,838 to \$73,381 or from \$14.96 to \$16.23 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$42,801 or \$15.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,344. The subject property has an improvement assessment of \$55,120 or \$20.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and within .25 of a mile from the subject property. The comparables are improved with similar two-story dwellings of masonry, stucco or frame and masonry exterior construction that range in size from 2,506 to 3,383 square feet of living area. The dwellings range in age from 81 to 95 years old and have partial or full basements, one of which has finished area. Two comparables have central air conditioning. Each comparable has one or two fireplaces and a one-car or a two-car garage. The comparables have improvement assessments that range from \$52,626 to \$81,685 or from \$21.00 to \$24.15 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3. These comparables are closer to the subject in age and dwelling size and most similar to the subject in location, design, exterior construction, and some features. Board of review comparable #1 is identical in age to the subject. These comparables have improvement assessments that range from \$52,626 to \$69,463 or from \$21.00 to \$22.73 per square foot of living area. The subject's improvement assessment of \$55,120 or \$20.00 per square foot of living area is slightly below the range established by best comparables contained in this record on a per-square-foot basis and within the range as to the improvement assessment. The Board gave less weight to the both parties' remaining comparables due to differences in age and/or dwelling sizes when compared to the subject property. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
