

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Barron  
DOCKET NO.: 16-20599.001-R-1  
PARCEL NO.: 05-18-402-072-0000

The parties of record before the Property Tax Appeal Board are Thomas Barron, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$33,700  
**IMPR.:** \$58,067  
**TOTAL:** \$91,767

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 2,490 square feet of living area. The dwelling is 57 years old. Features of the home include a partial finished basement, central air conditioning, two fireplaces and a two-car detached garage. The property has a 28,084 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar dwellings of frame, masonry or frame and masonry exterior construction with 2,565 to 2,756 square feet of living area. The dwellings range in age

from 56 to 64 years old. Two comparables have partial basements with finished areas, and two comparables have slab foundations. The comparables have central air conditioning and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$47,585 to \$54,279 or from \$18.11 to \$20.22 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$48,605 or \$19.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,767. The subject property has an improvement assessment of \$58,067 or \$23.32 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code, same subdivision area and/or block as the subject. The comparables are improved with similar dwellings of frame and masonry exterior construction ranging in size from 2,425 to 2,581 square feet of living area. The dwellings range in age from 54 to 61 years old. Three comparables have partial or full basements, one of which has a finished area. One comparable has a slab foundation. The comparables have central air conditioning and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$56,558 to \$72,383 or from \$23.32 to \$29.14 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 as well as the board of review comparables #1, #3 and #4. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and most features. These comparables have improvement assessments ranging from \$51,813 to \$72,383 or from \$20.20 to \$29.14 per square foot of living area. The subject's improvement assessment of \$58,067 or \$23.32 per square foot of living area falls within the range established by the best comparables contained in this record. The Board gave less weight to both parties remaining comparables because they lacked basements when compared to the subject's partial basement with finished area. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
