

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Welch
DOCKET NO.: 16-20607.001-R-1
PARCEL NO.: 05-07-212-025-0000

The parties of record before the Property Tax Appeal Board are Thomas Welch, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,607
IMPR.: \$40,516
TOTAL: \$46,123

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,639 square feet of living area. The dwelling is 62 years old and has a partial basement with unfinished area. The property has a 3,738 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar style dwellings of frame and masonry exterior construction with 1,208 square feet of living area. The dwellings are each 50 years old, have full finished basements and a one-car garage. Three comparables have central air

conditioning. The comparables have improvement assessments ranging from \$24,642 to \$24,695 or from \$20.40 to \$20.44 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$33,468 or \$20.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,123. The subject property has an improvement assessment of \$40,516 or \$24.72 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject property. One of the comparables is located on the same street adjacent to the subject property based upon the addresses and photographs submitted by the board of review. The comparables are improved with similar two-story dwellings of masonry exterior construction containing either 1,200 or 1,686 square feet of living area. The dwellings are 50 or 62 years old, have partial or full unfinished basements, and have a fireplace. Two comparables have central air conditioning, and one comparable has a one-car garage. The comparables have improvement assessments of \$29,955 or \$41,574 or either \$24.66 or \$24.96 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave greater weight to the board of review comparable #1 because it is identical in age to the subject and most similar to the subject in location, design, foundation and some features. Both parties' comparables have improvement assessments ranging from \$24,642 to \$41,574 or from \$20.40 to \$24.96 per square foot of living area. The subject's improvement assessment of \$40,516 or \$24.72 per square foot of living area is within the range established by both parties' comparables. After considering adjustments to both parties' comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
