

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yetta Hoffman
DOCKET NO.: 16-20608.001-R-1
PARCEL NO.: 05-31-400-041-0000

The parties of record before the Property Tax Appeal Board are Yetta Hoffman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,643
IMPR.: \$37,964
TOTAL: \$43,607

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 2,140 square feet of living area. The dwelling is 55 years old. Features of the dwelling include a partial basement with finished area and central air-conditioning. The property has a 5,940 square foot site and is located in Glenview, New Trier Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted information on four assessment comparables. The comparables are comprised of similar dwellings of frame and masonry exterior construction that range in size from 1,859 to 2,565 square feet of living area. The dwellings are from 54 to 61 years old, have partial basements

with finished areas, central air conditioning, and a two-car garage. Two comparables have a fireplace. The comparables have improvement assessments ranging from \$18,718 to \$41,803 or from \$10.07 to \$16.30 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$31,051 or \$14.51 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,607. The subject property has an improvement assessment of \$37,964 or \$17.74 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are comprised of multi-level dwellings of masonry or frame and masonry exterior construction that range in size from 1,793 to 2,056 square feet of living area. The dwellings are from 51 to 61 years old, have partial basements with finished areas, central air conditioning, and a fireplace. Three comparables have either a 1.5-car, 2-car, or 2.5-car garage. The comparables have improvement assessments ranging from \$32,635 to \$38,548 or from \$17.81 to \$20.22 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, and #4 along with the board of review comparables. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation, and some features. These comparables have improvement assessments that range from \$32,635 to \$41,803 or from \$15.56 to \$20.22 per square foot of living area. The subject's improvement assessment of \$37,964 or \$17.74 per square foot of living area falls within the range established by the best comparables contained in this record. The Board gave less weight to the appellant's comparable #1 because it appears to be an outlier in comparison to both parties' other comparables with its significantly lower improvement and per-square-foot assessments. After considering adjustments to the comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
