

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Girisha Chandraraj
DOCKET NO.: 16-20690.001-R-1
PARCEL NO.: 05-28-318-012-0000

The parties of record before the Property Tax Appeal Board are Girisha Chandraraj, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,116
IMPR.: \$69,911
TOTAL: \$83,027

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,073 square feet of living area. The dwelling is approximately 41 years old. Features of the home include a full finished basement, central air conditioning, one fireplace and a 2-car garage. The property has a 9,046 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of the inequity argument the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story dwellings of frame, masonry or frame and masonry exterior construction that range in age from 55 to 62 years old. The comparables have central air

conditioning and four of the comparables have partial or full basements, two of which have finished areas. The basement area was not disclosed for comparable #4. Four of the comparables have one fireplace and four comparables have 2-car or 2.5-car garages. The dwellings range in size from 2,849 to 3,288 square feet of living area and have improvement assessments ranging from \$57,143 to \$64,287 or from \$17.38 to \$21.32 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$20.51 per square foot (median of the comparables cited) which indicates a revised assessment of \$76,143." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$63,027 or \$20.51 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,027. The subject property has an improvement assessment of \$69,911 or \$22.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The homes were described as being located on the same block as the subject property. The comparables are improved with 2-story dwellings of frame and masonry exterior construction that are 31 or 41 years old. The comparables have partial or full unfinished basements, central air conditioning, one fireplace and 2-car garages. The dwellings range in size from 2,853 to 3,165 square feet of living area and have improvement assessments ranging from \$79,148 to \$80,992 or from \$25.59 to \$27.74 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of nine suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their significantly older ages when compared to the subject property. Less weight was also given to board of review comparable #2 due to its newer age when compared to the subject property. The Board finds the three remaining board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables have improvement assessments ranging from \$79,148 to \$80,777 or from \$26.31 to \$27.74 per square foot of living area. The subject's improvement assessment of \$69,911 or \$22.75 per square foot of living area falls below the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The Board finds appellant's contention of law argument was not supported with legal citation and therefore is given no weight in this decision.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
