

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Cutter
DOCKET NO.: 16-20726.001-R-1
PARCEL NO.: 05-32-203-062-0000

The parties of record before the Property Tax Appeal Board are Nancy Cutter, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,069
IMPR.: \$52,343
TOTAL: \$64,412

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 2,608 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 2.5-car garage. The property has an 11,495 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of the inequity argument the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with one, 1.5-story and four, 1-story dwellings of frame, masonry or frame and masonry exterior construction that range in age from 39 to 65 years old. The comparables have

one to three fireplaces. Four of the comparables have central air conditioning and 2-car or 2.5-car garages. Three of the homes have partial or full basements, two of which have finished areas. The dwellings range in size from 2,425 to 2,858 square feet of living area and have improvement assessments ranging from \$41,325 to \$53,995 or from \$16.61 to \$19.12 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$18.98 per square foot (median of the comparables cited) which indicates a revised assessment of \$61,568." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$49,499 or \$18.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,412. The subject property has an improvement assessment of \$52,343 or \$20.07 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The homes were described as being located on the same block as the subject property. The comparables are improved with one, 1.5-story and three, 1-story dwellings of masonry or frame and masonry exterior construction that are 55 or 57 years old. The comparables have central air conditioning, one fireplace and 2-car garages. Three of the homes have partial basements, one of which has finished area. The dwellings range in size from 2,013 to 2,400 square feet of living area and have improvement assessments ranging from \$44,998 to \$51,702 or from \$21.54 to \$22.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of nine suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2 and #5 due to their dissimilar foundation or newer age when compared to the subject property. Less weight was also given to board of review comparables #1 through #3 due to their smaller dwelling sizes when compared to the subject property. The Board finds the appellant's comparables #3 and #4 and the board of review comparable #4 are more similar when compared to the subject in location, age, dwelling size and most features. These comparables have improvement assessments ranging from \$18.98 to \$21.54 per square foot of living area. The subject's improvement assessment of \$20.07 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board

finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The Board finds appellant's contention of law argument was not supported with legal citation and therefore is given no weight in this decision.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
