

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gilela Reddy  
DOCKET NO.: 16-20744.001-R-1  
PARCEL NO.: 01-34-104-006-0000

The parties of record before the Property Tax Appeal Board are Gilela Reddy, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,071  
**IMPR.:** \$98,003  
**TOTAL:** \$119,074

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 6,731 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a partial finished basement, central air conditioning, two fireplaces and a 4-car garage. The property has a 76,622 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of the inequity argument the appellant submitted information on five equity comparables with the same classification code as the subject property. Two of the homes have different neighborhood codes than the subject property. The comparables are improved with 2-story dwellings of masonry or frame and masonry exterior construction that range in age from 10 to 77

years old. The comparables have partial or full basements, two of which have finished areas. All have central air conditioning, one to four fireplaces and 2.5-car or 4-car garages. The dwellings range in size from 5,509 to 7,066 square feet of living area and have improvement assessments ranging from \$71,204 to \$101,976 or from \$12.93 to \$14.43 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$13.68 per square foot (median of the comparables cited) which indicates a revised assessment of \$113,151." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$92,080 or \$13.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$119,074. The subject property has an improvement assessment of \$98,003 or \$14.56 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The homes were described as being located on the same block or .25 of a mile from the subject property. The comparables are improved with 2-story dwellings of masonry exterior construction that range in age from 22 to 28 years old. The comparables have partial or full basements, one of which has finished area. All have central air conditioning, two or three fireplaces and 3-car to 4-car garages. The dwellings range in size from 5,510 to 9,925 square feet of living area and have improvement assessments ranging from \$89,591 to \$198,014 or from \$14.23 to \$19.95 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of nine suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 due to their smaller dwelling size or older age when compared to the subject property. Less weight was also given to the appellant's comparables #3 and #4 due to their distant location when compared to the subject property. Furthermore, little weight was given to board of review comparables #2 and #3 due to their dissimilar dwelling sizes when compared to the subject property. The Board finds the appellant's comparable #5 and board of review comparables #1 and #4 are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables have improvement assessments ranging from \$89,591 to \$124,421 or from \$14.23 to \$16.78 per square foot of living area. The subject's improvement

assessment of \$98,003 or \$14.56 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The Board finds appellant's contention of law argument was not supported with legal citation and therefore is given no weight in this decision.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
