

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raymond Wexler
DOCKET NO.: 16-20745.001-R-1
PARCEL NO.: 11-07-108-015-0000

The parties of record before the Property Tax Appeal Board are Raymond Wexler, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,820
IMPR.: \$51,529
TOTAL: \$60,349

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is approximately 91 years old and has 1,988 square feet of living area. Features of the home include a full unfinished basement, a fireplace and a 2-car garage. The property has a 6,300 square-foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame or frame and masonry construction. The dwellings are from 108 to 120 years old and contain from 1,673 to 2,008 square feet of living area. The comparables have full

unfinished basements. Two comparables have fireplaces, and two comparables have garages, either 1-car or 2-car. The comparables have improvement assessments that range from \$38,805 to \$43,815 or from \$21.82 to \$23.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$44,153 or \$22.21 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$60,349 was disclosed. The subject property has an improvement assessment of \$51,529 or \$25.92 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. One of the comparables is located on the same block as the subject, and the other three are located a quarter-mile from the subject. The comparables are improved with two-story dwellings of stucco, masonry or frame and masonry construction. The dwellings are from 74 to 95 years old and contain from 1,872 to 1,948 square feet of living area. The comparables have full basements, with one having finished area. Two comparables have central air conditioning. The comparables have fireplaces and garages that range from 1-car to 3-car. The comparable properties have improvement assessments that range from \$50,029 to \$59,865 or from \$25.95 to \$31.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of nine suggested comparables. The Board finds the appellant's comparables are not all that similar to the subject in age and comparable #5 has significantly less living area than the subject. As a result, the appellant's comparables received less weight in the Board's analysis. Board of review comparables #1 and #3 were dissimilar from the subject in having central air conditioning, and comparable #3 was newer than the subject. Consequently, board of review comparables #1 and #3 also received reduced weight. The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4. The Board finds these comparables are very similar to the subject in location, two-story design, age, living area and features. Board of review comparables #2 and #4 have improvement assessments of \$54,481 and \$50,029 or \$27.97 and \$25.95 per square foot of living area, respectively. The subject's improvement assessment of \$51,529 or \$25.92 per square foot of living area is less than the improvement assessments on a per square foot basis of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
