

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Munch
DOCKET NO.: 16-20754.001-R-1
PARCEL NO.: 01-35-105-007-0000

The parties of record before the Property Tax Appeal Board are Richard Munch, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,541
IMPR.: \$98,906
TOTAL: \$114,447

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 28 years old and has 6,507 square feet of living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a 4-car garage. The property has a 56,516 square-foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same classification code as the subject. Three of the comparables have the same assigned neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry construction. The dwellings are from 10 to 77 years old and contain from 6,358 to 7,066 square feet of living area. Three comparables have full finished

basements; one has a partial unfinished basement; and information regarding another was not provided. Four comparables have central air conditioning; four comparables have from one to three fireplaces; and the comparables have garages, either 2½-car or 4-car. The comparables have improvement assessments that range from \$86,250 to \$101,976 or from \$13.57 to \$14.68 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$93,896 or \$14.43 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$114,447 was disclosed. The subject property has an improvement assessment of \$98,906 or \$15.20 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. One of the comparables was described as being located on the same block as the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry construction. The dwellings are from 20 to 26 years old and contain from 6,106 to 6,903 square feet of living area. Two comparables have full or partial finished basements, and the other two have full unfinished basements. The comparables have central air conditioning, from one to four fireplaces, and garages that range from 3-car to 4-car. The comparable properties have improvement assessments that range from \$99,833 to \$115,076 or from \$16.25 to \$16.73 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of nine suggested comparables. The Board finds the appellant's comparables are not similar to the subject in age, and comparables #2 and #5 are located in a different neighborhood than the subject. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these four comparables are very similar to the subject in location, age and living area. These comparables have improvement assessments that range from \$99,833 to \$115,076 or from \$16.25 to \$16.73 per square foot of living area. The subject's improvement assessment of \$98,906 or \$15.20 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
