

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leo Eyber
DOCKET NO.: 16-20759.001-R-1
PARCEL NO.: 05-32-312-048-0000

The parties of record before the Property Tax Appeal Board are Leo Eyber, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,521
IMPR.: \$67,656
TOTAL: \$83,177

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame and masonry construction with 3,689 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a full unfinished basement, central air conditioning, and a three-car attached garage. The property has a 14,782 square foot site and is located in Wilmette, New Trier Township, Cook County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables improved with two-story dwellings of stucco or frame and masonry exterior construction that range in size from 3,325 to 3,694 square feet of living area and in age from 49 to 62 years old. Each comparable has a full or partial basement with two having recreation rooms, each comparable has central air conditioning, four comparables have one or three

fireplaces and each comparable has a two-car garage. These properties have improvement assessments ranging from \$59,794 to \$66,711 or from \$17.76 to \$18.13 per square foot of living area. The appellant submitted a copy of the final decision of the board of review disclosing the property has a total assessment of \$83,177 and an improvement assessment of \$67,656 or \$18.34 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$66,328.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the only evidence of assessment equity to be the appellant's comparables. Each comparable submitted by the appellant was inferior to the subject dwelling in age ranging from 30 to 41 years older than the subject property. Additionally, comparables #2, #3 and #4 were inferior to the subject property with partial basements while the subject has a full basement and each comparable was inferior to the subject property with a two-car garage while the subject has a three-car garage. Comparables #1 and #5 were superior to the subject property with finished basement area and comparables #1, #2, #4 and #5 were superior to the subject property in the number of fireplaces. These comparables had improvement assessments that range from \$17.76 to \$18.13 per square foot of living area. The subject's improvement assessment of \$18.34 per square foot of living area falls slightly above the range established by the only comparables in this record, which appears justified considering the subject's superior age and differences in features. The board of review did not submit any evidence in support of its assessment of the subject property as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a) & §1910.69(a). The Board has examined the evidence submitted by the appellant and finds that a reduction in the assessed valuation of the subject property is not appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
