

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Doug Novack
DOCKET NO.: 16-20766.001-R-1
PARCEL NO.: 05-07-109-001-0000

The parties of record before the Property Tax Appeal Board are Doug Novack, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,550
IMPR.: \$185,230
TOTAL: \$233,780

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco construction. The dwelling is approximately four years old and has 5,740 square feet of living area. Features of the home include a full finished basement, central air conditioning, two fireplaces and a 3-car garage. The property has a 32,267 square-foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same classification code as the subject. Four of the comparables have the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry, stucco or frame and masonry construction. The dwellings are from 22 to 90 years old and contain from

5,376 to 6,098 square feet of living area. Three comparables have full or partial finished basements, and two comparables have full or partial unfinished basements. Four comparables have central air conditioning. The comparables have from one to four fireplaces and garages that range from 2-car to 3-car. The comparables have improvement assessments that range from \$142,183 to \$169,274 or from \$23.38 to \$27.76 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$158,481 or \$27.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$233,780 was disclosed. The subject property has an improvement assessment of \$185,230 or \$32.27 per square foot of living area. The board of review presented a description and assessment information on one comparable property with the same neighborhood and classification codes as the subject. The comparable is improved with a two-story dwelling of masonry construction. The dwelling is 16 years old and contains 5,179 square feet of living area. Features include a full finished basement, central air conditioning, two fireplaces and a 2-car garage. The comparable property has an improvement assessment of \$180,068 or \$34.77 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of six suggested comparables. The Board finds the appellant's comparables #1, #3 and #5 were significantly older than the subject, and comparable #2 was not located near the subject. Due to these differences, the appellant's comparables #1 through #3 and #5 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #1. The Board finds these two comparables are closer in age to the subject and are also similar in location, story height, living area most features. The appellant's comparable #4 and board of review comparable #1 have improvement assessments of \$148,628 and \$180,068 or \$27.65 and \$34.77 per square foot of living area, respectively. The subject's improvement assessment of \$185,230 or \$32.27 per square foot of living area falls between the improvement assessments on a per square foot basis of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
