

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sharon Seivert
DOCKET NO.: 16-20772.001-R-1
PARCEL NO.: 05-33-101-004-0000

The parties of record before the Property Tax Appeal Board are Sharon Seivert, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,725
IMPR.: \$40,965
TOTAL: \$56,690

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry construction. The dwelling is approximately 66 years old and has 1,670 square feet of living area. Features of the home include a partial unfinished basement, a fireplace and a 2-car garage. The property has a 9,250 square-foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one, 1-story and four, 1½-story dwellings of frame or masonry construction. The dwellings are from 95 to 123 years old and contain from 1,576 to 1,728 square feet of living area. Four comparables

have full basements with two having finished areas. Another comparable has a crawl-space foundation. Two comparables have central air conditioning, and three comparables have garages, either 2-car or 2½-car. The comparables have improvement assessments that range from \$33,074 to \$36,604 or from \$20.22 to \$21.67 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$35,370 or \$21.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$56,690 was disclosed. The subject property has an improvement assessment of \$40,965 or \$24.53 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables are improved with 1-story dwellings of frame and masonry, stucco or masonry construction. The dwellings are from 60 to 88 years old and contain from 1,404 to 1,657 square feet of living area. The comparables have full or partial basements, with one having finished area. Three comparables have central air conditioning. The comparables have one or two fireplaces and garages that range from 1-car to 2½-car. The comparable properties have improvement assessments that range from \$40,364 to \$45,325 or from \$24.67 to \$32.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of nine suggested comparables. The Board finds the appellant's comparables are all significantly older than the subject; comparables #1 and #3 through #5 are 1½-story, not 1-story like the subject; and comparable #2 does not have a basement. Due to these difference, the appellant's comparables received reduced weight in the Board's analysis. Board of review comparable #4 also received reduced weight, because it is much older than the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #3. The Board finds these comparables are very similar to the subject in location, story height, age, living area and foundation. These comparables have improvement assessments that range from \$42,235 to \$45,325 or from \$25.86 to \$32.28 per square foot of living area. The subject's improvement assessment of \$40,965 or \$24.53 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
