

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Real Equities
DOCKET NO.: 16-20800.001-R-1
PARCEL NO.: 05-06-300-051-0000

The parties of record before the Property Tax Appeal Board are Real Equities, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,013
IMPR.: \$38,556
TOTAL: \$54,569

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry construction. The dwelling is approximately 63 years old and has 1,706 square feet of living area. Features of the home include a partial finished basement, central air conditioning, a fireplace and a 1½-car garage. The property has an 11,438 square-foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same classification code as the subject. Three of the comparables have the same neighborhood code as the subject, and one of these comparables has a parcel index number that indicates it is located on the same block as the subject property. The comparables are improved with multi-level

dwelling of frame, masonry or frame and masonry construction. The dwellings are from 59 to 66 years old and contain from 1,516 to 1,948 square feet of living area. The comparables have full or partial finished basements. Three comparables have central air conditioning and one or two fireplaces. Each comparable has a 2-car garage. The comparables have improvement assessments that range from \$30,116 to \$41,230 or from \$19.15 to \$21.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$35,621 or \$20.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$54,569 was disclosed. The subject property has an improvement assessment of \$38,556 or \$22.60 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables were described as being located on the same block as the subject property. The comparables are improved with multi-level dwellings of masonry or frame and masonry construction. The dwellings are from 63 to 67 years old and contain from 1,584 to 1,851 square feet of living area. The comparables have full or partial finished basements, central air conditioning, one or two fireplaces, and 2-car garages. The comparable properties have improvement assessments that range from \$37,051 to \$51,085 or from \$22.73 to \$27.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of nine suggested comparables. The Board finds the appellant's comparables #1 and #3 do not have central air conditioning like the subject and comparables #2 and #5 are located in a different neighborhood than the subject. Due to these differences, the appellant's comparables #1 through #3 and #5 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the comparables submitted by the board of review. The Board finds these five comparables are located on the same block as the subject and are also similar to the subject in multi-level design, age, living area and most features. These comparables have improvement assessments that range from \$37,051 to \$51,085 or from \$21.17 to \$27.60 per square foot of living area. The subject's improvement assessment of \$38,556 or \$22.60 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
