

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Niedospial  
DOCKET NO.: 16-20816.001-R-1  
PARCEL NO.: 01-27-407-002-0000

The parties of record before the Property Tax Appeal Board are Adam Niedospial, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,473  
**IMPR.:** \$45,360  
**TOTAL:** \$55,833

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is approximately 37 years old and has 2,880 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 3-car garage. The property has a 59,851 square-foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same neighborhood code as the subject. Four of the comparables have the same classification code as the subject. The comparables are improved with four, two-story dwellings and one, one-story dwelling of frame or frame and masonry construction. The dwellings are from 28 to 45 years old

and contain from 3,383 to 4,256 square feet of living area. Three comparables have full or partial unfinished basements, and two comparables have partial finished basements. Four comparables have central air conditioning. The comparables have one or two fireplaces and garages that range from 2-car to 3½-car. The comparables have improvement assessments that range from \$47,417 to \$52,788 or from \$11.54 to \$14.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$40,291 or \$13.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$55,833 was disclosed. The subject property has an improvement assessment of \$45,360 or \$15.75 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from 30 to 44 years old and contain from 2,743 to 3,354 square feet of living area. Two comparables have full or partial unfinished basements, and the other two have full finished basements. The comparables have central air conditioning, one or two fireplaces and garages, either 2-car or 3-car. The comparable properties have improvement assessments that range from \$46,152 to \$54,447 or from \$16.07 to \$17.95 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of nine suggested comparables. The Board finds the appellant's comparables #1 through #4 have significantly more living area than the subject and received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the comparables submitted by the board of review. The Board finds these comparables are more similar to the subject in living area and are also similar in location, age, and foundation. These comparables have improvement assessments that range from \$46,152 to \$54,447 or from \$14.34 to \$17.95 per square foot of living area. The subject's improvement assessment of \$45,360 or \$15.75 per square foot of living area falls within the range established on a per square foot basis by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
