

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dmitry Mishustin
DOCKET NO.: 16-20823.001-R-1
PARCEL NO.: 05-29-415-025-0000

The parties of record before the Property Tax Appeal Board are Dmitry Mishustin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,463
IMPR.: \$90,220
TOTAL: \$104,683

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 20 years old and has 2,838 square feet of living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a two-car garage. The property has a 9,975 square-foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry construction. The dwellings are from 41 to 49 years old and contain from 3,073 to 3,280 square feet of living area. The comparables have full

or partial finished basements, central air conditioning, one or two fireplaces, and 2-car garages. The comparables have improvement assessments that range from \$72,227 to \$75,835 or from \$22.50 to \$24.68 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$66,579 or \$23.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$104,683 was disclosed. The subject property has an improvement assessment of \$90,220 or \$31.79 per square foot of living area. The board of review presented descriptions and assessment information on three comparable properties that have the same neighborhood and classification codes as the subject. The comparables are described as being located a quarter-mile from the subject property. The comparables are improved with two-story dwellings of frame or masonry construction. The dwellings are from one to twenty-two years old and contain from 2,058 to 3,331 square feet of living area. The comparables have full basements, with one having finished area. Each comparable has central air conditioning and one or two fireplaces. The comparables have garages, either 2-car or 2½-car. The comparable properties have improvement assessments that range from \$77,496 to \$118,787 or from \$35.09 to \$37.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties presented assessment data on a total of six suggested comparables, none of which were similar to the subject in all characteristics. The Board finds the appellant's comparables are significantly older than the subject and received reduced weight in the Board's analysis. Board of review comparable #3 is significantly newer than the subject and also received reduced weight. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2. The Board finds these comparables are similar to the subject in varying degrees. Board of review comparable #2 is most similar to the subject in age, and comparable #1 is most similar to the subject in living area. Both comparables are also similar to the subject in location, two-story design, masonry construction, and foundation. Board of review comparables #1 and #2 have improvement assessments of \$103,310 and \$77,496 or \$35.09 and \$37.66 per square foot of living area, respectively. The subject's improvement assessment of \$90,220 or \$31.79 per square foot of living area falls below the improvement assessments on a per square foot basis of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
