

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Stone  
DOCKET NO.: 16-20860.001-R-1  
PARCEL NO.: 05-30-303-008-0000

The parties of record before the Property Tax Appeal Board are Mark Stone, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,501  
**IMPR.:** \$95,181  
**TOTAL:** \$108,682

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story frame and masonry dwelling containing 4,607 square feet of living area. The dwelling is 21 years old and features a full unfinished basement, central air conditioning, a fireplace and a 3-car garage. The subject is located in Wilmette, New Trier Township, Cook County. It is classified as a Class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three, 2-story, Class 2-08 comparables. The appellant did not report the proximity of the comparables to the subject but disclosed they have the same neighborhood code as the subject. The comparables range in age from 9 to 16 years old and range in size from 4,664 to 4,788 square feet of living area. The comparables feature unfinished basements, central air conditioning, 1 or 2 fireplaces each, and 3-car garages. The

comparables have improvement assessments ranging from \$84,052 to \$96,973 or \$17.56 and \$20.25 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$102,693. Based on this evidence the appellant requested the subject's 2016 improvement assessment be reduced to \$89,192 or \$19.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,682. The subject property has an improvement assessment of \$95,181 or \$20.66 per square foot of living area.

In support of the assessment the board of review submitted information on four, 2-story, Class 2-08 comparables having the same neighborhood code as the subject and located on the same street and block as the subject. The comparables range in age from 18 to 25 years old and range in size from 3,857 to 4,471 square feet of living area. They feature unfinished basements, central air conditioning, 1 or 2 fireplaces each and 2 or 3-car garages. The comparables have improvement assessments ranging from \$86,407 to \$92,639 or from \$20.72 to \$22.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives less weight to board of review comparable #3 due to its smaller dwelling size when compared to the subject. The Board finds board of review comparables #1, #2 and #4 and the appellant's comparables are most similar to the subject in location, age, style, dwelling size and most features. The comparables have improvement assessments ranging from \$84,052 to \$96,937 or from \$17.56 to \$21.93 per square foot of living area. The subject property has an improvement assessment of \$95,181 or \$20.66 per square foot of living area which is within the range established by the most similar comparables in the record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
