

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tim Ennesser
DOCKET NO.: 16-20911.001-R-1
PARCEL NO.: 05-07-108-023-0000

The parties of record before the Property Tax Appeal Board are Tim Ennesser, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,920
IMPR.: \$125,060
TOTAL: \$147,980

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 4,136 square feet of living area. The dwelling is 9 years old. Features of the home include a full finished basement, central air conditioning, three fireplaces and a 2.5-car garage. The property has a 15,280 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that were located within the same neighborhood code as the subject property. The comparables were similar dwellings of masonry or frame and masonry construction containing from 4,246 to 4,553 square feet of living area. The dwellings range in age from 23 to 32 years old. The homes

feature full or partial basements, one of which has finished area, central air conditioning, one or two fireplaces and a 2-car or 3-car garage. The comparables have improvement assessments ranging from \$107,016 to \$121,669 or \$25.20 and \$26.72 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$106,337 or \$25.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$147,980. The subject property has an improvement assessment of \$125,060 or \$30.24 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that were located within the same neighborhood code as the subject property. The comparables were similar two-story dwellings of masonry or frame and masonry construction containing from 4,601 to 4,920 square feet of living area. The dwellings range in age from 1 to 13 years old. The homes feature full finished basements, central air conditioning, three or four fireplaces and a 2-car or 3-car garage. The comparables have improvement assessments ranging from \$154,870 to \$166,830 or from \$32.17 to \$35.25 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gave less weight to the appellant's comparable #2 due to its dissimilar age when compared to the subject. The Board also gave less weight to the board of review's comparables #1 and #4 due to its dissimilar sizes when compared to the subject. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3, as well as the board of review's comparables #2 and #3. These comparables were most similar to the subject in location, style, size, age and features. These comparables had improvement assessments ranging from \$107,016 to \$155,965 or from \$25.20 to \$33.66 per square foot of living area. The subject's improvement assessment of \$125,060 or \$30.24 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels,

all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
