

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Reichner
DOCKET NO.: 16-20919.001-R-1
PARCEL NO.: 05-27-402-005-0000

The parties of record before the Property Tax Appeal Board are Robert Reichner, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,020
IMPR.: \$80,027
TOTAL: \$104,047

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story frame and masonry dwelling containing 2,805 square feet of living area. The dwelling is 87 years old and features a full unfinished basement, a fireplace and a 2-car garage. The subject is located in Wilmette, New Trier Township, Cook County. It is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three 2-story, class 2-06 comparables which have the same neighborhood code as the subject. One comparable is located on the same block as the subject. The comparables range in size from 2,690 to 3,140 square feet of living area and range in age from 100 to 116 years old. They feature basements, one with finished area, and 2-car garages. One comparable has a fireplace. The comparables have improvement assessments

ranging from \$77,751 to \$88,701 or from \$28.25 to \$28.90 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$104,047. Based on this evidence the appellant requested the subject's 2016 improvement assessment be reduced to \$80,027 or \$28.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$114,874. The subject property has an improvement assessment of \$90,854 or \$32.39 per square foot of living area.

In support of the assessment the board of review submitted information on three 2-story, class 2-06 comparables having the same neighborhood code as the subject. Two comparables are located within .25 of a mile from the subject. The comparables range in size from 2,520 to 3,119 square feet of living area and range in age from 77 to 100 years old. The comparables feature unfinished basements, one fireplace each and 2-car garages. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$80,520 to \$93,258 or from \$29.90 to \$32.55 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of six comparables for the Board's consideration. Despite some dissimilarities with the subject in features, the Board gives equal weight to both parties comparables. Of the six comparables submitted for the Board's consideration, only one comparable - board of review comparable #3 - had an improvement assessment greater than the subject on a per square foot basis. Board of review comparable #3 has an improvement assessment of \$32.55 per square foot of living area as compared to the subject's improvement assessment of \$32.39 per square foot of living area. Board of review comparable #3 is superior to the subject in that it has central air conditioning and therefore needs a downward adjustment. After considering adjustments to the comparables for differences to the subject, the Board finds the subject's assessment is not supported. Thus, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's improvement assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
