

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Kepes
DOCKET NO.: 16-20925.001-R-1
PARCEL NO.: 05-07-303-002-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Kepes, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,332
IMPR.: \$143,623
TOTAL: \$166,955

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story frame and masonry dwelling containing 4,633 square feet of living area. The dwelling is one year old and features a full finished basement, central air conditioning, 3 fireplaces and a 2-car garage. The subject is located in Glencoe, New Trier Township, Cook County. It is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three 2-story, class 2-08 comparables which have the same neighborhood code as the subject. The comparables range in size from 4,246 to 4,809 square feet of living area and range in age from 21 to 25 years old. They feature unfinished basements, central air conditioning, 1 or 2 fireplaces and 2 or 3-car garages. The comparables have improvement assessments ranging from \$107,016 to \$122,555 or \$25.20 or

\$25.48 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$140,964. Based on this evidence the appellant requested the subject's 2016 improvement assessment be reduced to \$117,632 or \$25.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,297. The subject property has an improvement assessment of \$155,965 or \$33.66 per square foot of living area.

In support of the assessment the board of review submitted information on two 2-story, class 2-08 comparables having the same neighborhood code as the subject. The comparables are both 4 years old and range in size from 3,960 to 4,188 square feet of living area. The comparables feature finished basements, central air conditioning, 3 or 4 fireplace each and 2 or 4-car garages. The comparables have improvement assessments of \$119,948 and \$131,713 or \$30.29 and \$31.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of five comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #3 due to the age of the dwellings. Despite their smaller dwelling sizes, the Board gives more weight to board of review comparables #1 and #2. The Board finds the board of review comparables are most similar to the subject in location, age, exterior construction, style and features. These comparables have improvement assessments of \$119,948 and \$131,713 or \$30.29 and \$31.45 per square foot of living area, respectively. The subject property has an improvement assessment of \$155,965 or \$33.66 per square foot of living area which is greater than the most similar comparables in the record. After considering the evidence in the record, the Board finds the subject's assessment is not supported and a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
