

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Murtaugh
DOCKET NO.: 16-20926.001-R-1
PARCEL NO.: 05-20-318-048-0000

The parties of record before the Property Tax Appeal Board are Michael Murtaugh, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,775
IMPR.: \$117,944
TOTAL: \$182,719

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story masonry dwelling containing 3,899 square feet of living area. The dwelling is 79 years old and features a full unfinished basement, central air conditioning, 2 fireplaces and a 2-car garage. The subject is located in Winnetka, New Trier Township, Cook County. It is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three 2-story, class 2-06 comparables having the same neighborhood code as the subject. They range in size from 3,588 to 4,357 square feet of living area and range in age from 70 to 98 years old. They feature basements, one with finished area, central air conditioning, 1 or 2 fireplaces and 2 or 3-car garages. The comparables have improvement assessments ranging from \$87,043 to \$121,782 or from \$24.26 to \$27.95 per

square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$168,410. Based on this evidence the appellant requested the subject's 2016 improvement assessment be reduced to \$103,635 or \$26.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,719. The subject property has an improvement assessment of \$117,944 or \$30.25 per square foot of living area.

In support of the assessment the board of review submitted information on four 2-story, class 2-06 comparables having the same neighborhood code as the subject. Three comparables are located within .25 of a mile from the subject, two on the same street as the subject. The comparables range in size from 3,684 to 4,164 square feet of living area and range in age from 75 to 112 years old. They feature basements, one with finished area, 2-4 fireplaces and 2, 2½, or 3-car garages. Three comparables feature central air conditioning. The comparables have improvement assessments ranging from \$130,556 to \$154,246 or from \$34.17 to \$39.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives less weight to board of review comparable #2 due to its age. The Board finds appellant's comparables #1, #2 and #3 and board of review comparables #1, #3 and #4 are most similar to the subject in location, age, style, dwelling size and some features. The comparables have improvement assessments ranging from \$87,043 to \$154,246 or from \$24.26 to \$39.80 per square foot of living area. The subject property has an improvement assessment of \$117,944 or \$30.25 per square foot of living area which is within the range established by the most similar comparables in the record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
