

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Kreft  
DOCKET NO.: 16-20991.001-R-1  
PARCEL NO.: 05-18-210-007-0000

The parties of record before the Property Tax Appeal Board are Kenneth Kreft, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,920  
**IMPR.:** \$49,448  
**TOTAL:** \$66,368

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story frame dwelling containing 1,990 square feet of living area. The dwelling is 93 years old and features a full unfinished basement, a fireplace and a 1-car garage. The subject is located in Glencoe, New Trier Township, Cook County. It is classified as a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three, 2-story, Class 2-05 comparables. The appellant did not report the proximity of the comparables to the subject but disclosed they have the same neighborhood code as the subject. The comparables range in age from 94 to 102 years old and range in size from 1,927 to 2,060 square feet of living area. The comparables feature unfinished basements and 1-car garages. One comparable features central air conditioning and

one has a fireplace. The comparables have improvement assessments ranging from \$38,584 to \$42,693 or from \$18.73 to \$22.10 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$58,571. Based on this evidence the appellant requested the subject's 2016 improvement assessment be reduced to \$41,651 or \$20.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,368. The subject property has an improvement assessment of \$49,448 or \$24.85 per square foot of living area.

In support of the assessment the board of review submitted information on four, 2-story, Class 2-05 comparables having the same neighborhood code as the subject and located within a quarter of a mile from the subject. The comparables range in age from 88 to 94 years old and range in size from 1,920 to 2,172 square feet of living area. They feature basements, one with finished area, 1 or 2 fireplaces each, and 1 or 2-car garages. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$48,768 to \$55,516 or from \$25.40 to \$26.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives less weight to board of review comparable #1 due to its finished basement when compared to the subject's unfinished basement. The Board also gives less weight to appellant's comparable #3 and board of review comparable #3 due to their dissimilar central air conditioning when compared to the subject's lack of central air conditioning. Despite some other dissimilarities with the subject regarding features, the Board finds appellant's comparables #1 and #2 and the board of review comparables #2 and #4 are most similar to the subject in location, age, style and dwelling size. These comparables have improvement assessments ranging from \$38,584 to \$53,837 or from \$18.73 to \$26.16 per square foot of living area. The subject property has an improvement assessment of \$49,448 or \$24.85 per square foot of living area which is within the range established by the most similar comparables in the record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
