

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Goldstein  
DOCKET NO.: 16-21024.001-R-1  
PARCEL NO.: 05-35-120-017-0000

The parties of record before the Property Tax Appeal Board are Larry Goldstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,100  
**IMPR.:** \$78,689  
**TOTAL:** \$95,789

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of stucco exterior construction with 3,098 square feet of living area. The dwelling is 95 years old. Features of the home include a partial basement with finished area, a fireplace, and a one-car attached garage. The property has a 9,000 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar style dwellings of frame, stucco, or frame and masonry exterior construction containing from 4,026 to 4,741 square feet of living area. The dwellings range in age from 93 to 118 years old

and have partial or full basements. Three comparables have finished basements, central air conditioning, and one or three fireplaces. Each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$84,632 to \$108,844 or from \$21.02 to \$22.96 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$69,550 or \$22.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,789. The subject property has an improvement assessment of \$78,689 or \$25.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information purportedly on three equity comparables that are located within a different neighborhood code than the subject. However, the board of review's comparable #1 is the same property as their comparable #2. The two comparable properties presented by the board of review are improved with two-story dwellings of masonry exterior construction containing 4,129 or 4,915 square feet of living area. The dwellings are 4 or 29 years old, have full finished basements, central air conditioning, two or three fireplaces, and a 2-car or a 3.5-car garage. The comparables have improvement assessments of \$138,179 and \$167,749 or \$33.47 and \$34.13 per square foot of living area, respectively. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds none of the six comparables submitted by the parties are particularly similar to the subject with their considerably larger dwelling sizes and the board of review's comparables' considerably newer ages. Both parties' comparables have improvement assessments ranging from \$21.02 to \$34.13 per square foot of living area. The subject's improvement assessment of \$25.40 per square foot of living area falls within the range established by both parties' comparables. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
