

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rodney Zimmerman  
DOCKET NO.: 16-21025.001-R-1  
PARCEL NO.: 05-17-316-011-0000

The parties of record before the Property Tax Appeal Board are Rodney Zimmerman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$26,320  
**IMPR.:** \$130,518  
**TOTAL:** \$156,838

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 4,834 square feet of living area. The dwelling is 19 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces, and a 2.5-car attached garage. The property has an 18,800 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction containing from 4,741 to 4,907 square feet of living area. The dwellings range in age from 40 to 48 years old and

have partial basements, one of which has finished basement. Each comparable has central air conditioning, one to four fireplaces, and a garage ranging in size from a 2-car to a 3.5-car. The comparables have improvement assessments that range from \$117,602 to \$123,319 or from \$23.97 to \$25.95 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$121,720 or \$25.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,838. The subject property has an improvement assessment of \$130,518 or \$27.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction containing from 4,149 to 4,755 square feet of living area. The dwellings range in age from 9 to 40 years old and have full basements, two of which have finished areas. Each comparable has central air conditioning, two or three fireplaces, and a two-car or a three-car garage. The comparables have improvement assessments that range from \$148,015 to \$177,231 or from \$35.00 to \$38.48 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives less weight to the appellant's comparables and the board of review comparable #2 due to their significantly older ages when compared to the subject property. The two remaining comparables have improvement assessments of \$35.00 and \$38.48 per square foot of living area. The subject's improvement assessment of \$27.00 per square foot of living area is below the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
