

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Spahr
DOCKET NO.: 16-21026.001-R-1
PARCEL NO.: 05-17-412-009-0000

The parties of record before the Property Tax Appeal Board are Christopher Spahr, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,481
IMPR.: \$122,229
TOTAL: \$157,710

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,934 square feet of living area. The dwelling is 89 years old. Features of the home include a full unfinished basement, two fireplaces, and a two-car attached garage. The property has a 25,344 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar style dwellings of frame, masonry, or frame and masonry exterior construction containing from 3,457 to 4,357 square feet of living area. The dwellings range in age from 70 to 98 years old and

have partial or full unfinished basements. Two comparables have central air conditioning. Each comparable has one or two fireplaces and a two-car or a three-car garage. The comparables have improvement assessments that range from \$98,666 to \$121,782 or from \$27.52 to \$28.92 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$111,057 or \$28.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$157,710. The subject property has an improvement assessment of \$122,229 or \$31.07 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of stucco or frame and masonry exterior construction containing from 3,440 to 4,158 square feet of living area. The dwellings range in age from 87 to 98 years old and have partial or full unfinished basements. One comparable has central air conditioning. Each comparable has from one to three fireplaces and a two-car garage. The comparables have improvement assessments that range from \$112,755 to \$142,489 or from \$31.96 to \$35.00 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 as well as the board of review comparables #1 and #4 due to differences in their age and/or dwelling sizes when compared to the subject.

The Board finds the best comparables to be the appellant's comparables #1 and #4 as well as the board of review comparables #2 and #3. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and features. These comparables have improvement assessments that range from \$101,066 to \$142,489 or from \$27.52 to \$34.27 per square foot of living area. The subject's improvement assessment of \$122,229 or \$31.07 per square foot of living area falls within the range established by the best comparables contained in this record. After considering adjustments to the comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
