

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Lewin
DOCKET NO.: 16-21091.001-R-1
PARCEL NO.: 04-01-401-008-0000

The parties of record before the Property Tax Appeal Board are Julie Lewin, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,317
IMPR.: \$73,405
TOTAL: \$87,722

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,770 square feet of living area. The dwelling is 19 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces, and a two-car attached garage. The property has a 12,450 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction that range in size from 2,668 to 2,873 square feet of living area. The dwellings range in age from 48 to 62 years

old and have partial or full unfinished basements, a fireplace, and a two-car garage. Four comparables have central air conditioning. The comparables have improvement assessments ranging from \$53,257 to \$57,523 or from \$19.00 to \$21.51 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$55,787 or \$20.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,722. The subject property has an improvement assessment of \$73,405 or \$26.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with two-story dwellings of stucco, masonry, frame, or frame and masonry exterior construction that range in size from 2,814 to 3,369 square feet of living area. The dwellings range in age from 12 to 16 years old, have partial or full finished basements, central air conditioning, one or two fireplaces, and a garage ranging in size from a 1-car to a 3.5-car. The comparables have improvement assessments ranging from \$78,237 to \$103,245 or from \$27.80 to \$31.60 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their considerably older dwellings when compared to the subject's newer dwelling of 19 years old. The Board also gives less weight to the board of review comparable #4 due to its larger dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #3. These comparables are most similar to the subject in location, design, age, dwelling size, and most features. These three comparables have improvement assessments ranging from \$78,237 to \$100,183 or from \$27.80 to \$31.60 per square foot of living area. The subject's improvement assessment of \$73,405 or \$26.50 per square foot of living area falls below the range of the most similar comparables contained in this record which appears to be justified given its slightly older age and smaller dwelling size. After considering adjustments to the comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
