

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Aitken  
DOCKET NO.: 16-21092.001-R-1  
PARCEL NO.: 04-01-408-002-0000

The parties of record before the Property Tax Appeal Board are Michael Aitken, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,525  
**IMPR.:** \$83,702  
**TOTAL:** \$99,227

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 3,796 square feet of living area. The dwelling is 19 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces, and a three-car attached garage. The property has a 13,500 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of masonry or frame and masonry exterior construction containing from 2,949 to 3,360 square feet of living area. The dwellings are 60 or 61 years old and have partial

basements, one of which has a finished area. Each comparable has central air conditioning, two comparables have a fireplace, and each comparable has a 2-car garage. The comparables have improvement assessments that range from \$48,322 to \$56,421 or from \$16.22 to \$16.79 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$62,520 or \$16.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,227. The subject property has an improvement assessment of \$83,702 or \$22.05 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of masonry, stucco, or frame and masonry exterior construction containing from 2,211 to 3,427 square feet of living area. The dwellings range in age from 1 to 63 years old. One comparable has a slab foundation, and two comparables have partial or full finished basements. Each comparable has central air conditioning, one or two fireplaces, and a two-car garage. The comparables have improvement assessments that range from \$104,082 to \$109,314 or either \$31.90 or \$49.00 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board recognizes none of the six comparables submitted by both parties are truly similar to the subject with their differences in age, considerably smaller dwelling sizes, and/or dissimilar foundations or unfinished basement areas. The Board gave little weight to the appellant's comparable #2 as well as the board of review comparable #3 which have the smallest dwelling sizes when compared to the subject. The Board also gave little weight to the board of review comparable #2 which is one year old when compared to the subject's age of 19 years old. Both parties' remaining comparables have improvement assessments ranging from \$52,987 to \$104,082 or from \$16.22 to \$31.90 per square foot of living area. The subject's improvement assessment of \$83,702 or \$22.05 square foot of living area falls within the range established by both parties' remaining comparables. After considering adjustments and differences in both parties' comparables, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the

parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
