

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Catherine Tatlock
DOCKET NO.: 16-21095.001-R-1
PARCEL NO.: 05-28-304-035-0000

The parties of record before the Property Tax Appeal Board are Catherine Tatlock, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,698
IMPR.: \$68,302
TOTAL: \$83,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,630 square feet of living area. The dwelling is 80 years old. Features of the home include a full finished basement, a fireplace, and a two-car attached garage. The property has an 8,166 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame or stucco exterior construction containing from 2,564 to 2,651 square feet of living area. The dwellings range in age from 95 to 130 years old and have partial or full

basements, one of which has finished area. One comparable has central air conditioning, each comparable has a fireplace, and three comparables have a garage ranging in size from a 1-car to a 2.5-car. The comparables have improvement assessments that range from \$58,057 to \$66,134 or from \$22.62 to \$25.01 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$63,356 or \$24.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,000. The subject property has an improvement assessment of \$68,302 or \$25.97 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction containing from 2,306 to 2,788 square feet of living area. The dwellings range in age from 64 to 81 years old and have full basements, three of which have finished areas. Three comparables have central air conditioning, and each comparable has two fireplaces and a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$73,352 to \$83,649 or from \$26.31 to \$35.29 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 due to their considerably older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 as well as the board of review comparables. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$58,057 to \$83,649 or from \$22.62 to \$35.29 per square foot of living area. The subject's improvement assessment of \$68,302 or \$25.97 per square foot of living area falls within the range established by the most similar comparables contained in this record. After considering adjustments to the comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
