

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ali Bleecker  
DOCKET NO.: 16-21128.001-R-1  
PARCEL NO.: 05-29-311-005-0000

The parties of record before the Property Tax Appeal Board are Ali Bleecker, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$61,836  
**IMPR.:** \$180,748  
**TOTAL:** \$242,584

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story masonry dwelling containing 7,033 square feet of living area. The dwelling is 10 years old and features a full finished basement, central air conditioning, 2 fireplaces and a 3-car garage. The subject is located in Wilmette, New Trier Township, Cook County. It is classified as a Class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three Class 2-09 comparables. The appellant did not report the proximity of the comparables to the subject but disclosed they have the same neighborhood code as the subject. The comparables range in age from 4 to 19 years old and range in size from 6,751 to 7,197 square feet of living area. The comparables feature basements, one with finished area, central air conditioning, 2 or 3 fireplaces and 3 or 4-car garages. The

comparables have improvement assessments ranging from \$169,921 to \$192,692 or \$25.17 and \$26.77 per square foot of living area. Based on this evidence the appellant requested the subject's total assessment be reduced to \$242,584.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$308,163. The subject property has an improvement assessment of \$246,327 or \$35.02 per square foot of living area.

In support of the assessment the board of review submitted information on four, two-story, Class 2-09 comparables. The comparables have different neighborhood codes than the subject and are located in different cities than the subject. The comparables range in age from 7 to 19 years old and range in size from 6,510 to 6,943 square feet of living area. The comparables have full finished basements, central air conditioning, 2 to 6 fireplaces and 3 or 4-car garages. The comparables have improvement assessments ranging from \$258,733 to \$403,024 or from \$37.27 and \$61.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives less weight to the board of review comparables due to their dissimilar locations when compared to the subject. The Board gives more weight to the appellant's comparables which have varying degrees of similarity to the subject in location, age, style, dwelling size and features. These comparables' improvement assessments range from \$169,921 to \$192,692 or \$25.17 and \$26.77 per square foot of living area. The subject's improvement assessment of \$246,327 or \$35.02 per square foot of living area is greater than the improvement assessments of the most similar comparables in the record on an overall basis as well as a per square foot basis. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
