

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Hammes
DOCKET NO.: 16-21135.001-R-1
PARCEL NO.: 05-18-101-040-0000

The parties of record before the Property Tax Appeal Board are Jeff Hammes, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$63,927
IMPR.: \$126,045
TOTAL: \$189,972

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 5,296 square feet of living area. The dwelling is 59 years old. Features of the home include a partial finished basement, central air conditioning, two fireplaces, and a three-car attached garage. The property has a 53,273 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar Class 2-09 dwellings of frame and masonry exterior construction containing from 5,265 to 5,607 square feet of living area. The dwellings range in age from 54 to 86 years old and have

partial unfinished or full finished basements. Each comparable has central air conditioning, a fireplace, and a garage ranging in size from a 1-car to a 3.5-car. The comparables have improvement assessments that range from \$123,325 to \$141,304 or from \$22.40 to \$25.20 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$126,045 or \$23.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$207,865. The subject property has an improvement assessment of \$143,938 or \$27.18 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry exterior construction containing from 5,108 to 5,551 square feet of living area. The dwellings range in age from 18 to 26 years old and have partial or full basements, three of which have finished areas. Each comparable has central air conditioning, one to four fireplaces, and a garage ranging in size from a 2.5-car to a 4-car. The comparables have improvement assessments that range from \$146,446 to \$171,709 or from \$28.32 to \$31.36 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 and the board of review comparables due to their different ages when compared to the subject's age of 59 years old.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3. These comparables are closer in age to the subject and most similar to the subject in location, design, exterior construction, dwelling size, and other features. These two comparables have improvement assessments of \$125,259 and \$141,304 or \$23.79 and \$25.20 per square foot of living area. The subject's improvement assessment of \$143,938 or \$27.18 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to these comparables for differences, the Board finds the subject's improvement assessment warrants a reduction. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
