

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jim Cavanaugh  
DOCKET NO.: 16-21138.001-R-1  
PARCEL NO.: 05-34-224-004-0000

The parties of record before the Property Tax Appeal Board are Jim Cavanaugh, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,280  
**IMPR.:** \$85,516  
**TOTAL:** \$106,796

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,227 square feet of living area. The dwelling is 98 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a two-car detached garage. The property has an 11,200 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar Class 2-06 dwellings of frame or frame and masonry exterior construction containing from 3,120 to 3,569 square feet of living area. The dwellings range in age from 101 to 113 years old and have full basements, two of which have finished areas. One comparable has central air conditioning. Each comparable has a fireplace and a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$75,678 to \$87,765 or either \$24.26 or \$24.59 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$78,997 or \$24.48 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$113,282. The subject property has an improvement assessment of \$92,002 or \$28.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame, stucco or frame and masonry exterior construction containing from 2,427 to 2,871 square feet of living area. The dwellings range in age from 98 to 113 years old and have partial or full unfinished basements. Two comparables have central air conditioning. Each comparable has a fireplace and a one-car or a two-car garage. The comparables have improvement assessments that range from \$73,765 to \$87,020 or from \$29.71 to \$31.39 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the board of review comparables #2 and #4 due to their significantly smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review comparables #1 and #3. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, and features. These five comparables have improvement assessments ranging from \$24.26 to \$30.31 per square foot of living area. The subject's improvement assessment of \$28.51 per square foot of living area is within the range established by the best comparables contained. After considering adjustments to both parties' comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
